Supply and delivery of Observation and patrolling equipment

CLARIFICATION NOTE N° 1

With reference to the above-mentioned tender procedure, please find below questions raised by prospective bidders and corresponding answers given by the EUMM

N°	Question	Answer
1	Which items need an end-user certificate, and for those items if it will be required any license or special authorization from the tenderer or only current information?	For the import purposes, EUMM Georgia is exempted for customs verification, hence End-user certificates are a concern strictly related to the customs regime of the tenderer's country. We advise to check whether the good are subject of EUC for export purposes in your country, especially for lots 1 and 2 – for which a longer delivery time is already foreseen.
2	“Who is responsible for the customs clearance? EUMM or Tenderer?”	Shipment should be under incoterms DAP, so EUMM will facilitate customs clearance.
